

My dear Watson,

I feel so much disinclined to meet people in any meeting that I have decided not to ask Mr. Lee to call a meeting of the garden and Herbarium Committee, but I design calling upon the individual members as occasion offers and I get up my strength. But this ought to make no difference about your having a meeting of this Committee for the purposes of the Herbarium, and I think you will find all the members ready to come at any time. I write early so that there need be no delay on my account. *You had better*

*write the chairman, Col. Henry Lee, 40 State St. Boston. Mass.*

Mrs. Goodale continues pretty well but is somewhat dragged down. Please remember me to your sister and niece and to Mrs. Gray.

Yours very sincerely

*J. H. Goodale*
